Major General William F. Train
Commandant, U. S. Army War College
Carlisle Barracks, Pennsylvania

Dear Bill:

It was good to talk to you on the phone a couple of times and also to see you, if only briefly, at the AUSA meeting.

We are delighted that you have kept us on your Speakers' Roster, and we will be prepared to give you a proper floor show by one of our senior officers whenever you ask for it; as I understand it now this will probably be sometime in April of next year. I would hope that Mr. McCone, or I, or Mr. Kirkpatrick, probably the latter, would put on the formal presentation for the Agency.

We have just finished the National War College which included a talk by Mr. McCone on one day, a talk by Mr. Kirkpatrick on another day, both with question periods, and then a full visit here at the Agency of the entire National War College and part of the faculty. This visit included talks on scientific and technical analysis of Soviet missilery and space activities, photographic interpretation in the modern age, and counterinsurgency, plus exhibits of some of our sexier equipment for clandestine and paramilitary activities. All in all they seemed to enjoy themselves immensely.

I hope that your people will be able to let us know at least six weeks to two months in advance of the date you wish us so that we can make sure you get a first-class presentation.

Pat joins me in love to Charlotte and you.

Faithfully yours,
